Incentive Awards

By Larry Stone & Marty Celnick, Incentive Co-Chairs

Scott Siever's Ride of Silence was chosen as Ride of the Month. The group rode in silence that night to honor those killed or injure while riding their bicycles. Thank you for leading the ride, Scott. The winner of the monthly Ride Leader Incentive Award drawing was Tom Clark. Congrats, Tom!

The Almost Anything Award was won by Joel Johnson, for his work removing weeds and invasive plant species on paved trails in the Springfield area, as a volunteer, on behalf of Friends of Sangamon Valley and Springfield Park District. Your work is greatly appreciated, Joel.

A few words from Tom Clark, SBC President

Don't miss our annual July 4 ride to Franklin led by Robert LaBonte. Alan Josephson's Arch Ride and Matt Saner/Wheelfast's July 16 Tour De Corn Metric Century provide great cycling opportunities in July. The SBC An-

nual Picnic will be on July 23 Thanks to our new Social Chair **Gladys Hajek** for organizing! Thanks to VP **Scott Sievers** for acting as monthly scheduler for July. We have leader-led Club rides every day of the week. A new High-B riding group will begin with Sunday morning rides in July from Rochester Station. It joins the A and C riding groups already in place. Hope to see you at a ride or event this month!

Ride Classifications

- NC Non-Cycling events.
- MB Rides suitable for mountain bikes.
- **EZ For riders who prefer a pace under 10 mph.** These are purely social rides. Expect short routes either in town or on a trail and expect to ride as a single group. No one will be left alone at the back of the group and assistance is provided for flats and other minor mechanical problems.
- **D For novice or recreational riders.** Expect to ride at a pace of 10 12 mph with rest stops as needed. Expect the ride leader or another club member to stay with the slowest rider and to offer assistance for flats and other minor mechanical problems.
- **C For competent riders with basic safety and bike handling skills.** These rides combine social riding with improving fitness and riding ability. Expect that most riders will ride in groups at a pace of about 12 15 mph. There may be rest stops on the route, but they will be limited. Riders are comfortable navigating by map if separated from the group and can handle their own mechanical repairs.
- **B For strong, experienced riders with considerable group riding experience.** Expect the emphasis to be on improving individual stamina and riding skills. Most riders will maintain a pace of 16 18 mph and will not feel obligated to wait for slower riders. Pace lines are common. Riders are able to handle their own mechanical repairs and are comfortable navigating by map if separated from the group.
- A For extremely strong and competitive riders with expert bike handling skills. Expect riders to be self-sufficient and to maintain speeds of 19+ mph for extended distances using pace lines.

Please arrive for rides 10 minutes early. Be sure that your bike is in proper working order before you arrive. All riders are strongly encouraged to obey traffic laws, wear a helmet, carry everything necessary to fix a flat tire, and bring hydration. If the ride leader fails to appear, form a group and go on a ride if you like. Then turn in your miles to the club record keeper (records@spfldcycling.org).
